**Note 1 - Organization and summary of significant accounting policies**

**Organization**

Columbia Association, Inc. (the "Association") is a nonprofit membership corporation, incorporated under Maryland law. It develops and operates recreation and community facilities; provides community programs and assistance; and maintains and develops park land and open space in Columbia, Maryland. The Association is governed by an eleven-member Board of Directors comprised of the Association's President and ten members elected by residents of each of the ten villages.

**Use of estimates in preparing financial statements**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and cash equivalents**

The Association defines cash equivalents as all highly liquid investments with maturities of ninety days or less when acquired, except when such investments are held by trustees for the risk management and workers' compensation funds.

**Accounts receivable**

Accounts receivable consist principally of membership fees receivable, which are uncollateralized and generally have a term of one to three years. Accounts receivable also include property assessments, which are collateralized by the property subject to the annual charge.

The carrying amount of accounts receivable is reduced by a valuation allowance. The reserve for abatements and allowance for doubtful accounts is based on management's assessment of the collectability of specific member accounts and the amount of abatements residents will receive on their property assessment.

**Risk management fund**

Under the Association's risk management program, self-insured claims for general liability risks are accrued based on the best estimate of the ultimate cost of both asserted claims and unasserted claims from reported incidents and estimated losses from unreported incidents. Such estimates are reviewed by counsel. The Association is funding the risk management program under a trust fund arrangement, which currently provides for funding as actuarially determined by independent actuaries.

**Columbia Association, Inc.**

**Notes to Financial Statements  
January 31, 2017 and 2016  
(in Thousands)**

**Workers' compensation fund**

The Association has a self-insurance program for workers' compensation. Under this program, the Association has a workers' compensation fund for its estimate of the ultimate cost of both asserted and unasserted claims from reported workers' compensation incidents. Claims and fund expenses are paid directly out of the workers' compensation fund. The program includes a trust deposit escrow account in the name of Maryland Workers' Compensation Commission for the benefit of the Association. The investment level of the fund is periodically reviewed by the State of Maryland Workers' Compensation Commission and by independent actuaries.

**Investments held by trustees**

Investments held by trustees consisting of money market funds and U.S. Government mortgage bonds and treasuries are stated at fair value and are reflected in the risk management fund and workers' compensation fund on the statements of financial position.

**Property, facilities and equipment, net**

Land includes approximately 3,400 acres of land that has been contributed to the Association since the establishment of the community of Columbia and is recorded at zero value. The contributed land is subject to a zoning ordinance limiting its usage to public or community usage. Costs of parks, lakes and related permanent land improvements are accounted for as land and are not depreciated because they have an indefinite useful life. Facilities, equipment and land improvements that have a limited life are stated at cost and are depreciated using the straight-line method.

<u>Assets</u>	<u>Estimated useful lives</u>
Building and recreational facilities	10 to 40 years
Land improvements	20 to 25 years
Furniture, equipment and other	5 to 10 years

Accounting for the Impairment or Disposal of Long-Lived Assets ("FASB ASC 360-10"), requires that an impairment loss be recognized only if the carrying amount of a long-lived asset is not recoverable from its undiscounted cash flows and that the measurement of any impairment loss be the difference between the carrying amount and the fair value of the asset. There were no impairment losses recognized during the periods ended January 31, 2017 and 2016, respectively.

**Intangible assets**

Goodwill relates to the purchase of land. The annual assessment levied from this transaction exceeds the carrying amount of the goodwill and therefore no adjustment to carrying value is deemed necessary.

**Columbia Association, Inc.**

**Notes to Financial Statements  
January 31, 2017 and 2016  
(in Thousands)**

**Deferred financing costs**

Expenses related to the term loan are being amortized using the effective interest method over the term of the respective debt. Accumulated amortization as of January 31, 2017 and 2016 was \$43 and \$28, respectively. Amortization expense for the periods ended January 31, 2017 and 2016 was \$11. Estimated future amortization expense is as follows:

Year ending April 30,	Amortization Expense
2017	\$ 4
2018	14
2019	13
2020	12
2021	11

**Revenue recognition**

Property assessments consist of annual charges for which future services are not required and are recognized as revenue when the annual charges are levied and due. Membership and other fees are recognized as revenue on a pro rata basis during the membership period with unearned fees recorded as deferred revenue.

**Rental expense**

Rental expense is recognized over the lease terms as it becomes payable according to the provisions of the respective leases. However, if the rental expense varies from a straight-line basis, future rental expense including scheduled and specific rent increase and/or rent concession are recognized on a straight-line basis over the lease terms.

**Advertising**

The Association uses advertising to promote its programs among the audiences it serves. The costs of advertising are expensed as incurred. Advertising and promotion costs totaled \$544 and \$403 for the periods ended January 31, 2017 and 2016, respectively.

**Income taxes**

Although exempt from federal and state income taxes as provided for under Section 501(c)(4) of the Internal Revenue Code, the Association is subject to federal and state taxes on unrelated business income, if any.

The Association adopted the guidance provided in *Accounting for Uncertainty in Income Taxes* ("FASB ASC 740-10") on April 1, 2009. Management has determined that the Association has no material uncertain tax positions that would require recognition under the guidance. The federal and state income tax returns of the Association are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed. Net unrelated business income was \$2 and \$1 for the periods ended January 31, 2017 and 2016.

**Reclassifications**

Certain prior year amounts have been reclassified to conform with the current year presentation.

	<u>\$ 2,981</u>	<u>\$ 2,992</u>	<u>\$ 2,854</u>	<u>\$ 2,858</u>

**Note 4 - Fair value measurements**

In determining fair value, the Association uses various valuation approaches within the FASB ASC 820 fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

**Columbia Association, Inc.**

**Notes to Financial Statements  
January 31, 2017 and 2016  
(in Thousands)**

FASB ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. FASB ASC 820 defines levels within the hierarchy based on the reliability of inputs as follows:

- Level 1 - Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 - Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 - Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

The following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy.

**Trading and available-for-sale securities**

Debt securities consisting of government agency debt obligations are generally valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality and type.

The following table presents assets and liabilities measured at fair value by classification within the fair value hierarchy as of January 31, 2017:

	Fair value measurements using		
	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Total
Government debt securities*	\$ -	\$ 8,952	\$ 8,952

The following table presents assets and liabilities measured at fair value by classification within the fair value hierarchy as of January 31, 2016:

\*Government debt securities are included in the risk management fund and workers' compensation fund as discussed in Note 3.

**Note 5 - Property, facilities and equipment, net**

Property, facilities and equipment consist of the following as of January 31, 2017 and 2016:

	2017	2016
Land	\$ 6,533	\$ 6,533
Parks, lakes and related improvements	10,400	10,400

 Less accumulated depreciation	 121,206	 116,306
 Property, facilities and equipment, net	 \$ 116,738	 \$ 115,108

**Note 6 - Property assessments**

The principal source of the Association's revenue is an annual charge, based on a rate (68 cents per \$100 of assessed valuation in both fiscal years 2017 and 2016) established annually by the Board of Directors, on all of Columbia's assessable real property. The Association's net assessed value is 50% of the State's assessed phased-in cash value subject to a 10% annual increase cap; however, the Board of Directors capped the increase at 3.5% and 2.5% for fiscal years 2017 and 2016, respectively.

The net assessed value for assessment years beginning July 1 was as follows:

2017	\$	10,970,394
2016		10,576,895

**Note 7 - Line of credit**

The Association has available an unsecured line of credit with a bank, which, under a loan agreement, is limited to borrowings of \$45,000. The outstanding note bears interest at the lower of the bank's prime rate or LIBOR plus 55 basis points (1.32% and 0.98% as of January 31, 2017 and 2016, respectively) and is due on demand. Additionally, the note bears an unused commitment fee of 10 basis points on any difference between the preauthorized schedule of the projected outstanding balance and the amount of the credit actually used. The Association had \$-0- outstanding under the line of credit as of January 31, 2017 and 2016.

The Association had \$-0- and \$230 in letters of credit issued through a bank as of January 31, 2017 and 2016, respectively, none of which has been drawn upon.

**Columbia Association, Inc.**

**Note 8 - Term debt**

**Term loan**

On June 26, 2014, the Association entered into a 15-year fixed rate bank loan with TD Bank in the amount of \$30,000. The loan's interest rate is 3.63% and matures in fiscal year 2030. The Association began making monthly principal and interest payments in August 2014 for the term of the loan. The funds were used to refinance certain interim indebtedness incurred to finance capital improvements. As of January 31, 2017, the future loan principal payments are as follows:

2017	\$	416
2018		1,690
2019		1,753
2020		1,817
2021 and thereafter		<u>20,404</u>
Total	<u>\$</u>	<u>26,080</u>

Interest expense capitalized was \$21 and \$0 during the periods ended January 31, 2017 and 2016, respectively.

**Capital lease obligation**

The cost and accumulated amortization of equipment under capital leases were \$307 and \$142, respectively, as of January 31, 2017, and \$1,112 and \$918, respectively, as of January 31, 2016. As of January 31, 2017, the future minimum annual payments under capital leases are as follows:

2017	\$	41
2018		143
2019		143
2020		143
2021 and thereafter		<u>54</u>
Total minimum lease payments		524
Less: amount representing interest		<u>(10)</u>
Present value of net minimum lease payments	<u>\$</u>	<u>514</u>

**Note 9 - Retirement benefit plan**

Substantially all full-time and eligible part-time employees are covered by a defined contribution retirement benefit plan. Contributions are based on 6% of eligible employees' salaries. Employees become fully vested after six years of service. Expenses under this plan were \$776 and \$846 for the periods ended January 31, 2017 and 2016, respectively.

**Note 10 - Commitments**

The Association leases certain facilities and equipment under operating leases. Rental expense, exclusive of these costs, was \$1,391 and \$1,294 for the periods ended January 31, 2017 and 2016, respectively.

**Columbia Association, Inc.**

**Notes to Financial Statements  
January 31, 2017 and 2016  
(in Thousands)**

As of January 31, 2017, the Association's total commitment for minimum annual rentals, exclusive of maintenance and other occupancy costs, under noncancellable operating leases is:

2017	\$	373
2018		1,517
2019		1,547
2020		1,578
2021 and thereafter		<u>11,216</u>
Total	\$	<u>16,231</u>

The lease for the headquarters building located on Hillside Court includes a rent abatement for the period September 1, 2015 to April 30, 2016 valued at \$460. Accrued abatements of \$431 and \$287 were included in accounts payable and accrued expenses as of January 31, 2017 and 2016, respectively.

The lease for Haven on the Lake includes a rent abatement for the period September 1, 2014 to August 31, 2015 valued at \$386. Accrued abatements of \$341 and \$360 were included in accounts payable and accrued expenses as of January 31, 2017 and 2016, respectively. The lease also includes a tenant improvement allowance of \$1,378. Accrued allowances of \$1,219 and \$1,285 were included in accounts payable as of January 31, 2017 and 2016, respectively. The abatements and allowances are amortized over the life of the lease and are reflected as a reduction of rent expense as reported in the statements of activities.

**Note 11 - Postretirement health care**

The Association sponsors a defined postretirement medical benefit plan that covers both salaried and nonsalaried full-time employees and their spouses or surviving spouses. The postretirement health care plan is contributory. The Association will provide a maximum contribution of \$2.5 to retired employees and their spouses for employees who have 20 or more years of full-time service with the Association and have passed their 60th birthday. This contribution will decrease to a maximum of \$1.5 when the retiree reaches age 65. This benefit terminates on the 10<sup>th</sup> anniversary of the benefit commencement date. The employee contributes the remainder of the health care cost.

The following table sets forth the funded status of the Association's postretirement health care benefit plan reconciled to the accrued postretirement benefits cost recognized by the Association as of April 30:

**Note 12 - Significant estimates**

**Reserve for general liability self-insurance**

Under its general liability self-insurance plan, the Association accrues the estimated expense of general liability claims based on claims filed subsequent to year-end and an additional amount for incurred, but not yet reported claims based on prior experience. Accruals for such costs of \$1,361 and \$1,387 are included in accrued expenses as of January 31, 2017 and 2016, respectively. Claim payments based on actual claims ultimately filed could differ materially from these estimates.

**Reserve for workers' compensation self-insurance**

Under its workers' compensation self-insurance plan, the Association accrues the estimated expense of workers' compensation claims based on claims filed subsequent to year-end and an additional amount for incurred, but not yet reported claims based on prior experience.

Accruals for such costs of \$2,117 and \$2,120 are included in accrued expenses as of January 31, 2017 and 2016, respectively. Claim payments based on actual claims ultimately filed could differ materially from these estimates.

**Note 13 - Concentration of credit risk**

The Association maintains its cash balance in several accounts in various banks. At times, these balances may exceed the federal insurance limits; however, the Association has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these cash balances as of January 31, 2017.

**Note 14 - Contingencies**

The Association is periodically a party to various lawsuits, claims and investigations, both actual and potential arising in the normal course of business. Based on internal review and advice of legal counsel, management believes the ultimate outcome of these matters, individually and in the aggregate, will not have a material adverse effect on the Association's financial position or results of operations.
